WATER GLIDER HD

The Water Glider was designed and developed completely through many years of trial and error. We are proud of the Water Glider and its reputation with customers around the world.

The Water Glider 6 has become the most popular model to our European customers. The Water Glider is constructed with super tough fabric tube and the bottom is specially reinforced to withstand commercial use. Large reinforced shackle-rings are located on tubes. Tow rope incl.

ATTENTION: Max Speed: 20 mph / 32 km/h
All faster towing is on boat driver and Riders own responsibility.
